

Welcome Letter

Fremantle Women's Health Centre (FWHC) is a warm and welcoming space to access personalised women's health and wellbeing services. We began as Fremantle Multicultural Women's Health Centre over 35 years ago and quickly expanded beyond medical appointments to include health education, group activities, postnatal depression and general counselling.

FWHC current on site clinical and counselling services are:

- respect your individuality and gender diversity; and
- respect you as an equal and active partner in your health care.
